## From the Presidents ...

What a fast year it's been! As we have just left the Thanksgiving season and enter into the Christmas season I want to thank all of you who continue to support the center with your donations, prayer and participation. Without you a lot of the extra work would simply be impossible. But I especially want to thank Paula & Jerry who do such a fantastic job with all aspects of day-to-day operation. I have spoken before about how over the years each set of directors were used by God to do the work for that time which He had called them to do and in His perfect timing. At this time, which all too soon will be history, we were truly blessed when they said "we want to be a part of this". Paula makes things happen using organizational and creative skills. Jerry is a skilled carpenter and is currently working on turning the back yard into a beautiful prayer garden by building a large planter seating area. They both work together to maintain the center and grounds as their very own home. But above all this is their demonstrated love for the Lord. It is truly a pleasure working alongside this dedicated couple and I appreciate all that they do. If you haven't been by the center in a while, stop in to see what's going on. Maybe you too will feel a calling to be a part of all that's going on!

Merry Christmas to All!
